Our monthly Sketch Series allows our reader to learn more about your design process by seeing your designer sketch your most recently launched design, balanced with information from your press release.

To be featured in this brand new series please supply the following:

Part 1 : Q&A. Answers from your designer to 5 standard questions, 30-50 words per answer:

1. Please tell us about yourself and your company?
2. Which product are you sketching?
3. Can you tell us about the development process of this design?
4. Which part of the design process did you enjoy the most and why?
5. What were your environmental considerations when designing this product?

Please provide at least one image of your designer sketching the product.

Part 2: Specification. Please provide your press release and press images in order for this article to accurately promote your product and brand.

Please email your text along with high resolution images to alys@designinsiderlive.com
