SHADOW DAMASK

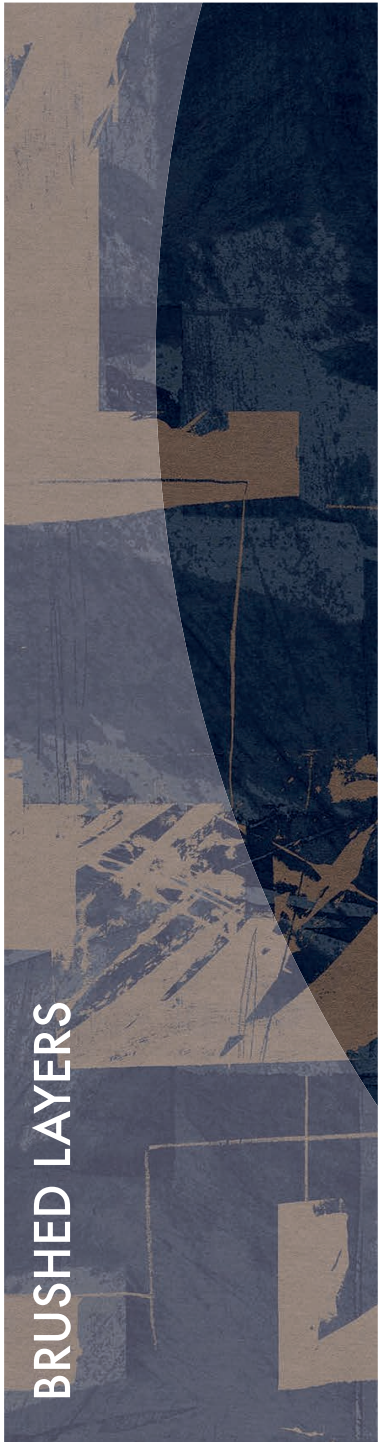

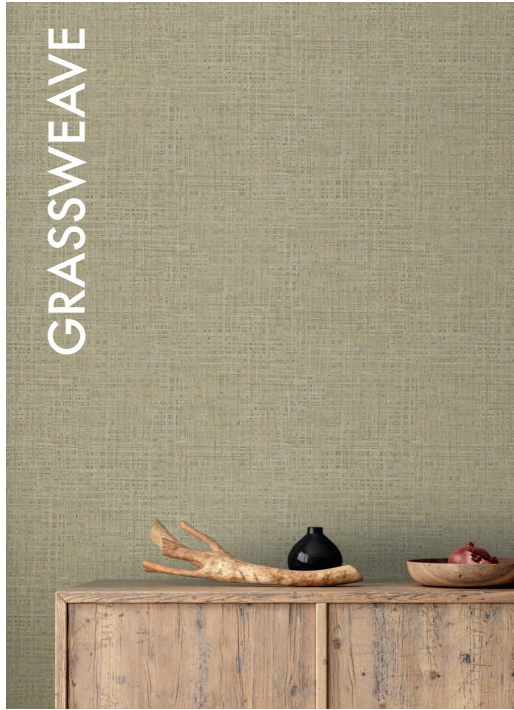

As you browse the following pages, you'll discover 10 new designs. Smooth surfaces and delicate patterns complement raw silks and woven raffia.

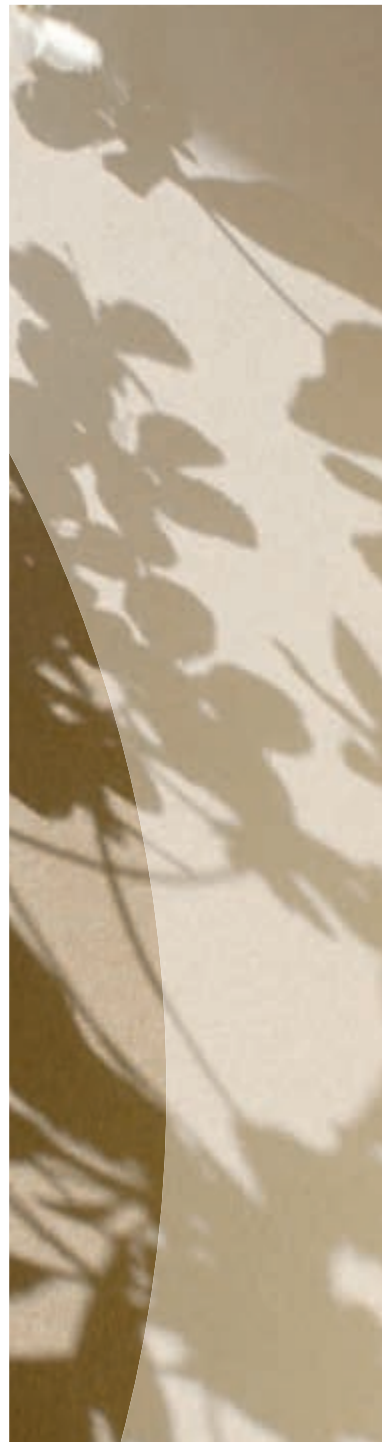

Inspired by traditional crafts; tie-dye and decoupage sit alongside blockprints and stencil effects.

The ever present connection with nature is found with silhouetted leaves and shadow prints.

GARDEN

With 100 colours to select from, you'll find cool whites, soft greys and pale pastels moving through to warm clay pinks and shades of plum.
