Furniture for Challenging Behaviour Environments

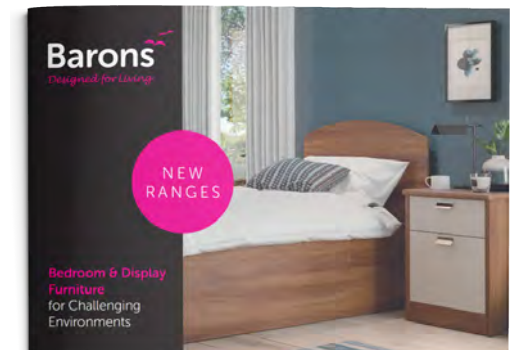

Barons has provided high quality challenging behaviour furniture for many years. These safe and robust products are specifically designed for therapeutic environments where residents' health issues make their safety and comfort a concern.

All of Barons' challenging behaviour furniture has been carefully crafted and tested to reduce the likelihood of residents injuring either themselves or staff.

Furniture for Challenging Behaviour

- Open fronted units
- Glued & dowelled
- Quality fittings
- 25mm MFC carcass including solid backs
- Tops are 25mm mdf with soft rounded corners and smooth profiled edges
- Anti-tamper security fixings
- Melamine faced to aid easy clean and hygiene
- Optional coloured back boards which aid searching and adds personality

Contact the Barons team on 01253 741940 to request a copy of our brochure showcasing the full range of products available to challenging environments, or visit our website www.baronsfurniture.co.uk to view online.

Furniture for Dementia Care Environments

Barons' exquisite dementia-friendly furniture and soft furnishing ranges are the outcome of almost half a century of industry experience, technical expertise, and comprehensive research. We know that good dementia design takes into consideration space and the importance of creating environments which will foster feelings of comfort and safety, creating a calm ambience to enhance the lives of those who struggle with dementia.

We can help you carefully select furnishings designed to address the needs of your residents and those of your individual facility. Our dementia-friendly furniture and soft furnishing ranges have been developed to create safe and stylish interiors, whilst incorporating many features designed to help residents feel secure and content, reducing feelings of confusion and the level of assistance required from staff, which in turn leads to an increase in dignity and independence. Of course, it goes without saying that our furniture is designed to withstand the rigours of everyday use in what can be a very demanding environment.

Features of our dementia-friendly furniture include:

- Soft rounded corners for safety
- Open sections of wardrobes to show next day's clothes
- Perspex viewing panels in wardrobes so contents are visible
- Scooped out drawer fronts to assist viewing contents and reduce confusion
- Large easy grip handles
- Range of wood shades to provide contrast between walls and floors
- Memory boxes to promote reminiscence and make residents feel at home
- Fantastic range of dementia-friendly upholstery and soft furnishing fabrics

Bespoke Bedrooms & Headboards

To make the very best use of space in your bedrooms, why not consider our bespoke bedroom service? For certain projects, our experienced team can design a tailored room scheme to encompass all your requirements, which could be just what you need to maximise the functionality or usability of your bedrooms.

We'll take account of all your requirements, from how it looks, to how the room is to be used, making sure none of your space goes to waste!

We can also design and manufacture bespoke items including headboards and even room dividers, enabling you to make larger spaces more usable and comfortable. As each item is made to order, there are no restrictions on size, style, colour, or finish.

- We work with you, advising you on how best to meet your room requirements
- Each room design is completely bespoke
- We visit the site and do a full survey to ensure a perfect fit, both aesthetically and practically
- We work precisely to your approved drawings

Beds

COMFORTABLE, FUNCTIONAL & SAFE

A bed is the most personal of spaces and our range of beds is designed to bring absolute comfort to the user. Manufactured with mobility issues and other health conditions in mind, our beds have all the practical features and functionality needed to ensure a comfortable rest, no matter how long a person needs to spend in the bed. With a focus on safety and hygiene, as well as offering personalised styling with a range of attractive headboards, our bed range makes sleep a dream.

Newbury Profiling Beds

Electronically operated, our exclusive range of profiling beds offers both resident and carer ease of movement and comfort. The profiling platform has an adjustable knee break, head section, and the entire bed frame is height adjustable. Safety and durability are key aspects of our design ethos – each bed has something different to offer.

Key Features

- Low voltage power supply (no mains voltage on the bed chassis to reduce the risk of electric shock)
- Electric backrest and knee break with mechanical lower leg support
- Locking handset
- Integral 115mm side rails included as standard excluding the low profiling bed which is optional (will take up to 8 inch mattress)
- Inbuilt emergency battery back up
- Quick release actuators
- Replaceable PCB
- Replaceable actuator pistons
- Easy to install
- Newbury range available in Light Oak as standard. (other wood shades are available on request)

Newbury Standard Profiling Bed

FAQ

HERE TO HELP

We're here to do all that we can to ensure you make the right furniture and soft furnishings choices and to make the process as simple as possible. Our friendly and experienced Sales Team are always on hand to offer expert advice and guidance to find products which best suit your needs.

SHOWROOM

Spoilt for choice? Why not visit our showroom in Lytham to experience the comfort and quality of our products first-hand. We'd also be happy to give you a tour of our manufacturing facility while you're here, so you can see the care that goes into making our furniture.

DISPLAY VANS

For your convenience, we have a fleet of display vans which can visit your premises with a selection of our furniture and fabric ranges. This free service helps you make the right choices with confidence.

DEMENTIA FRIENDLY

Following the University of Stirling guidelines on dementia design, we have produced innovative ranges of furniture specifically designed to assist clients who suffer with dementia and those who care for them.

PROJECT MANAGEMENT

For more complex projects we offer a complete project management service to take the strain away from you. Our project management service includes: initial consultation, planning, scheduling, dovetailing of delivery, final fit-out and installation – all expertly managed and tailored to your exact requirements.

COMMITTED TO QUALITY

Barons chair frames are manufactured from premium furniture grade beech and are sourced from sustainably managed forests. All joints are glued, screwed, and dowelled, or mortise and tenon for maximum strength. Our chair frames and bedroom furniture ranges are manufactured to comply with British Standards for Strength and Stability for contract use. We are an ISO 9001 accredited company and we apply the principles of LEAN manufacturing to ensure maximum efficiency and minimal waste.

ENVIRONMENTAL CONSIDERATIONS

We are committed to minimising the effect our business has on the environment and we take our responsibility very seriously. We are accredited to ISO 14001:2015, which recognises that we aim for continuous improvement in our environmental impact.

CUSTOMER CARE AND AFTER SALES

We take pride in the fact that much of our work comes from recommendations or returning customers and we believe this is down to the fact that we put you, the customer, right at the centre of our business. We are famous for our outstanding customer service. Our ISO 9001:2015 accreditation is evidence of our commitment to continuously improving quality in every area of our business.

ORDERING

You can place your order by email or phone, whichever is easiest for you. Once we receive your order, we'll send a detailed order confirmation with all the information you have supplied.

FINANCE

We know how helpful it can be to spread the cost of purchasing new furniture, so we are happy to offer the option of leasing to enable you to make the most of your budget.

SWATCH SAMPLE SERVICE

To get a real-life feel for how certain fabrics look up close, we can post out swatch samples, free of charge. Contact us to request your swatches.

DELIVERY

We understand that reliable delivery dates are very important for your business. Our transport department will get in touch with you to arrange a mutually acceptable delivery date, noting any special requirements.

Delivery Options Available:-

- i. Delivery to Reception as standard
- ii. Delivery with room placement and removal of packaging
- iii. Delivery with room placement, installation, and removal of packaging.

GET IN TOUCH

Whatever your requirements, get in touch now for a chat, some advice, or a quote. We're looking forward to hearing from you.
